NP 247
BA Annual Notice to Mariners

This digital publication is using the information from the NP247 as found on the UKHO website. NP247 is issued on an annual basis by the UKHO.

For the convenience of the user (especially those that have no/limited access to the internet) we provide this information inside Digitrace. You will find this publication in the 'Complete Publications' mode. In order to view this section in Digitrace, the user will need to receive a separate license.

There are normally no corrections to these Notices To Mariners, only a new edition at the beginning of each year. This digital publication should be used in the same way the paper publication was used previously.

NB The information contained in Digitrace relate only to Section 1 of NP247, which includes the annual Notice to Mariners. (e.g. for NP247, edition 2004, you will find the Annual Notice to Mariners 1-25)

The other sections of NP247 are already available within Digitrace under Weekly & Cumulative Mode:

Section 2 – Temporary and Preliminary Notices

Section 3 – Amendments to Sailing Directions

(Please note that the corrections from Section 2 & 3 are already continuously updated and customized to the inventory onboard, thus providing added value for the management of corrections onboard.)

For any **technical questions** or comments; Please contact your distributor, call Marine Press of Canada technical support at +1 514 866 8342 or send an e-mail to support@marinepress.com.
